Updates:

Lobby: We will keep the lobby closed at this time. In the process of setting of a virtual watch week, so parents are able to take a peak inside our classes. We will revisit this in January 2022. Thanks for trusting us with your children and we LOVE each moment we spend with them in the classrooms.

Parking Lot: Drive responsibly, EYES and EARS OPEN. We have tons of children finding their way to their cars and our goal is they make it there safe. Parents of younger ones, please be at the door to retrieve your dancer, it gets hectic and Kids like to dart! Be patient leaving your parking spots, as other cars are departing at the same time. Thanks in advance for your time and patience with this matter.

ZOOM is available for all dancers if they are needing to miss classes due to quarantine, COVID, or the sniffles. We want all dancers to stay safe and remain healthy.

Punctuality & Attendance

To properly prepare and utilize all of our class time, we as a studio need to do better on arrival times. We are aware the dancers do not drive themselves, but we are a few months into the season, proper planning to get the studio would assist with this request. Each group relies on each student to be present on time. Waiting on others to arrive, so we don't have to re-teach, is becoming an issue for competition team

members. We VALUE our program and can only excel if you VALUE you it was well.
